SAAFL C7 Football

This year has seen an increase in players in the SAAFL C7 Competition with teams currently able to play '15 a side' matches. A huge thank you to **Paul Eichner** who volunteers his time each week and goes above and beyond his duties to ensure the competition runs as smooth as possible!

Sunday 28th June saw the opportunity to play Round 5 matches as a curtain raiser to the SANFL showdown between Port Adelaide and Adelaide at Alberton Oval.

We would like to thank the SANFL for this opportunity and SAAFL for allowing the change of fixture. It was a fantastic experience for everyone involved on the day!

Last years premiers have made a strong start and are currently undefeated as we approach the half way point of the season (see ladder after Round 7 below).

Finally, thank you to **Ashlea McIntosh** who has taken on the role of volunteer coordinator for the competition. She has done a great job and is getting to know all the players and coaches and has provided fantastic support on match days.

INCLUSION ADVISOR

Steph has a new role at *Inclusive Sport SA!*

The **Transition Project** was a two year funded program with the aim of
*'Assisting individuals transition into mainstream opportunities
in sport and recreation'.*

During the project, it was found that although we could provide support to individuals to transition into sports, some did not have an environment that was inclusive of all audiences who wanted to access sport and recreation– *this is where the development of an Inclusion Advisor role was created!*

As of July, Steph will be working with State Sporting Organisations and sport and recreation clubs to examine their inclusive practices and if they are currently delivering best practice for inclusion within their communities. With the current rollout of the NDIS clubs are considering the impact this has for families and their desires for 'normality' for their children in sport and recreation.

Watch this space for
Steph's first update in her
new role in next months
